WELCOME NOTE FROM THE RECTOR

It is with great pleasure that I welcome both our new and continuing students to the Institute of Rural Development Planning for the academic year 2023/24. I congratulate you for choosing to study at IRDP which is the only higher learning institution with the mandate to oversee and coordinate the provision of expertise to in-service and pre-service personnel involved in Rural Development Planning in the country. Implementation of development policies, strategies and plans at different levels requires knowledge, skills and competences, and I want to assure that you have made the right choice and at an appropriate time to study at this Institute as you begin your professional journey towards becoming qualified development planners.

In executing its major functions which are provision of training, research and consultancy services, the Institute has continued to offer top quality competence based and demand driven long and short-term training programmes, research and public services to different stakeholders. Over the years, IRDP has also continued developing its staff capacity and competences in different aspects of development planning and management to meet the current and emerging demands in the field.

It is our sincere hope that our current and prospective students and other partners will continue using IRDP services as we strive to contribute towards alleviating qualitative and quantitative shortages of skilled manpower within the framework of sustainable capacity building directed towards reducing poverty and attaining sustainable development.

Always our motto is ***“Kupanga ni Kuchagua”***

1.0 THE INSTITUTE OF RURAL DEVELOPMENT PLANNING

1.1 Background Information

The Institute of Rural Development Planning (IRDP) is a corporate body established by the Parliamentary Act No. 8 of 1980. The Act provides a legal framework for the Institute to establish an important national centre for provision of training, research and consultancy services in the field of Rural Development Planning and Management. Since its establishment, IRDP had strived to become the centre of excellence for both academic and practical work in development planning and management for sustainable development.

IRDP helps to enhance and strengthen the capacity for rural development practitioners by providing post-secondary education and training, research and consultancy services. IRDP is, thus, a multi-disciplinary and multi-sectoral institution empowered to oversee and coordinate the provision of expertise to in-service and pre-service personnel involved in Rural Development Planning and Management in the country.

Since its establishment, IRDP has been shaping destinies in planning and research methodologies focusing on the future prosperity of its students. As a result, graduates with IRDP qualifications have made valuable contributions in their fields. They are a proof of our unique approach of learning and training methodologies.

Over the recent years, the Institute has also made initiatives to improve its teaching, learning and working environment for both students and staff, by building state of art infrastructures and facilities.

1.2 Location

IRDP main campus is located at Mbwanga area, which is about 7kms from Dodoma city centre – along the Dodoma-Arusha Road while the Lake Zone Centre is located at Kitumba “A” village in Kisesa along Mwanza-Musoma Road.

1.3 Vision and Mission

1.3.1 Vision

The Vision of IRDP is:

To be a centre of excellence in planning for sustainable development.

1.3.2 Mission

To provide quality training, research and consultancy services to public and private sectors through effective and efficient use of resources in planning for sustainable development with emphasis to rural areas.

1.4 Guiding Principles

In line with the IRDP’s Vision and Mission, the guiding principles geared towards daily work and behaviour upon its students and clients are:

- (i) Integrity and accountability
- (ii) Respect for the individuals
- (iii) Effectiveness
- (iv) Efficiency
- (v) Participatory management
- (vi) Continuous learning

1.5 Functions of the Institute

The functions of IRDP as stipulated in the establishment Act No 8 of 1980 are:

- a) To promote social and economic development by providing opportunities for the study of and training in the principles, techniques and their practical applications in all aspects of rural development planning.
- b) To provide facilities, places and centres of learning, education, training and research in rural development planning and such other related subjects and disciplines as the council may from time to time decide.
- c) To conduct training programmes in all disciplines related to rural development planning including the preparation, application and evaluation of development programmes.
- d) To undertake, either alone or in association with any other person or body of persons within or outside the United Republic of Tanzania, research in methodology and techniques of improving regional and rural development planning.
- e) To monitor and co-ordinate research and training programmes related to rural development.
- f) To collect, publish or otherwise disseminate data and other information related to rural development including the publication of results of any research carried out by the Institute.
- g) To sponsor, arrange or provide facilities for conferences, seminars or symposia on subjects related to rural development planning.
- h) To provide advisory, consultancy and other services to the government, organizations, villages and individuals in matters related to rural development planning.
- i) To prepare students for examinations as may be conducted by the Institute and to grant such awards as may be prescribed under or in accordance with the Act.
- j) To establish and maintain a system of consultation and co-operation with any person or body of persons within or outside the United Republic of Tanzania engaged in activities related to the functions of the Institute.
- k) To perform any other function conferred upon the Institute by or under the Act.

2.1.6 IRDP Training System

The long-term training programmes at IRDP use the Competence Based Education and Training (CBET) System, which is designed to ensure that upon graduation, the learner possesses the requisite competencies that can be applied flexibly in relevant work places. Generally, competence is associated with a clear ability to successfully carry out some occupational activities and it is described in terms of:

- a) Knowledge, skills and understanding
- b) Typical contexts and level that a person who possesses the competence could work in
- c) Wider attributes (conduct or attitude) reflecting change on actions

2.2 Short term Programmes

Being aware of the importance for the skills and knowledge upgrading to match changing and emerging needs, the Institute is continuously in contact with the labour market in developing post experience short term training programmes for a diverse range of organizations, public and private. The Institute therefore runs a range of top-quality short courses on various aspects of development planning and management. These courses are aimed at bridging the knowledge gap between different practitioners of development. The Institute has well trained staff in experiential training, utilizing modern adult learning techniques. While some of the training programmes are generic, addressing wider management issues, the Institute also designs tailor made programmes addressing specific needs of each organization.

To ensure that the training programmes bring about the intended impact, the Institute conducts post course evaluations and where desired, follow-ups are made to the organizations to assess the impact of the training. The Institute has the capacity to conduct residential courses at the Institute's campus and in other appropriate training centres.

Short courses offered include:

- (i) Participatory Project Planning, Monitoring and Impact Assessment
- (ii) Participatory Natural Resources Planning and Management
- (iii) Conducting Official Meetings and Minutes Writing Skills

4.0 FEE STRUCTURE FOR VARIOUS COURSES

4.1 General Information

At the beginning of each academic year, all Tanzanian students will be required to produce evidence of having been granted a loan from the Higher Education Students Loan Board or evidence of scholarship awards; otherwise, they will be expected to pay full tuition and other Institute fees at the beginning of each semester before they are registered.

Payment of fees should be made before or during registration. Failure to pay within the specified period may result in withdraw of registration.

Fees for various courses consist of the amount payable directly to the Institute and that payable directly to students. Whereas the amount payable directly to the Institute covers for tuition, field supervision, students’ organization, and registration; and the amount payable directly to the student covers for meals allowance, books and stationery, accommodation, medical allowance, practical training allowance and dissertation production. However, the amount to be paid to students will normally depend on their sponsors’ policies. When fees direct payable to students is paid through IRDP accounts, a 20% administration fee will be deducted

All payments for fees directly paid to IRDP should be made through control number payment system. For more instructions, follow the link <http://oas.irdp.ac.tz/site/bill.aspx>

It should be noted here that fees may change any time without notice.

- 5.7.1.5** A candidate who fails in some of the examined module(s) and has a GPA less than 2 of all examined modules in an academic year, excluding field and dissertation reports, shall be allowed to repeat a year.
- 5.7.1.6** A candidate who has been discontinued from studies, or for any other reason(s) in the third year of study (for Bachelor Degrees) shall be awarded a Higher Diploma provided he/she has passed in all examined modules in NTA level 7.
- 5.7.1.7** A candidate who has been discontinued from, or for any other reason(s) in the second year of study (for Ordinary Diploma Courses) shall be awarded a Technical Certificate provided he/she has passed in all examined modules in NTA level 5
- 5.7.1.8** Supplementary examinations shall be held once each year prior to the commencement of the subsequent academic year.
- 5.7.1.9** The highest grade to be awarded in a supplementary examination shall be C (i.e., 50%, for Postgraduate Diploma, Diploma, Certificate programmes and C (i.e., 40% for Bachelor's Degrees). For Master's Degree Programmes the highest grade to be awarded in supplementary examination shall B (i.e., 50%)
- 5.7.1.10** A candidate who fails in supplementary examination shall be allowed to continue with the next academic year of the same NTA level and shall be required to re-sit for the failed module(s) during the supplementary session of the following academic year.
- 5.7.1.11** A candidate is allowed to do re-supplementary examination only once after failing in the supplementary examination. A candidate who fails in the re-supplementary examination will be required to repeat that particular module.
- 5.7.1.12** A candidate shall be allowed to repeat a year after failing to attain a GPA of 2 as stipulated in section 23.5 above only once in each NTA level, after which if he/she fails, he/she shall be discontinued from studies.

5.7.1.13 A candidate, who fails to attend supplementary/special examination with genuine reason, shall be allowed to continue with the next academic year and required to re sit for the failed module(s) during the supplementary/special examination session of the following year provided that it is in the same NTA level.

5.7.2 All Programmes

5.7.2.1 Coursework assessment in general cannot be supplemented and will not be carried over to supplementary examinations.

5.7.2.1 Special examination shall be regarded as a first sitting for a candidate who, for satisfactory reasons, was allowed by the Deputy Rector Academics/Director of Training Centre not to sit for the regular examinations.

5.7.2.2 Special examinations will be conducted during the time of supplementary examinations.

5.7.2.3 A candidate, who does not appear in special/supplementary examination with compelling reasons, shall be allowed to re-sit the modules when next examined in the next academic year, provided it is in the same NTA level.

5.7.2.4 The maximum time for which a Certificate, Diploma, Degree, Postgraduate Diploma and Masters student shall remain registered by the Institute is 2, 4, 6, 2 and 2 years, respectively.

5.7.3 Postponement of Studies

5.7.3.1 Permission for postponement of studies on compelling grounds shall be granted by the Deputy Rector Academic/Director of the Training Centre.

5.7.3.2 The maximum duration for postponement of studies for whatever reasons shall be one year for non-degree programmes and two years for degree programmes.

5.8 CLASSIFICATION OF CERTIFICATE, DIPLOMA, BACHELOR AND MASTER DEGREE

5.8.1 Final Classification

5.8.1.1 For the purpose of the final classification of Basic and Technician Certificate (NTA Level 4 and 5) a Four Point System shall apply based on grades. For Diploma (NTA Level 6) a Five Point System shall apply based on grades and for Bachelor Degrees, Postgraduate Diploma and Masters a Five Point System shall apply in averaging final grades based on the raw marks. The letter grades will be assigned points as indicated in Table 7

5.8.1.3 Computation for Grade Points for NTA level 4, 5 and 6 Programmes

Credit values (CV) for each module shall be as indicated in the respective curricula. For NTA Level 4, 5 and 6 programs, grades earned by students in each module shall be assigned numerical values (Grade Points (GP)). For NTA Level 7, 8, 9 and postgraduate diploma programs numerical values for Grade Points in each module shall be computed using students' Raw Scores or marks on individual module based on equations as indicated in Table 8. Grade points for individual modules shall be truncated to four decimal places.

Computation of Cumulative and/or Overall Grade Point Average

Cumulative GPA per each Semester and the Overall GPA shall be computed and used to measure student performance, classifying final awards for student, determine student progression from one semester/level to another and joining new level of entry. Cumulative Grade Point Average and Overall GPA for each candidate shall be computed by dividing the Summation of the product of respective module Grade Point earned and respective module Credit Value by the Summation of Credit Values of all modules for the respective semester/period. Cumulative Grade Point Average and Overall GPA for each candidate shall be truncated to one decimal place and hence shall not be rounded off. The Institute shall classify Final Awards for qualification of Graduands in different degree programs and non-degree programs as stipulated in Table 9

$$GPA = \frac{\sum_{i=1}^n (GP_i \times CV_i)}{\sum_{i=1}^n CV_i}$$

Where

GPA Represents Grade Point Average

n

$\sum_{i=1}^n$ Represents Summation of Respective Values (from first value $i=1$ up to the last value n)

GP_i Represents a Grade Point (GP) assigned to each letter grade scored or computed using respective equations as indicated in Table 8

CV_j Represents Credit Values (CV) associated to each module as per respective curricula

5.9 RESEARCH PROJECT, PROJECT PAPER, AND SPECIAL PAPER

5.9.1 Research Project/Project Paper/Special Paper

5.9.1.1 At the end of second semester of the last academic year, there shall be Research project for students of Bachelor degrees and Postgraduate diploma programmes. The research project will last for eight weeks; four weeks in the field and four weeks for data processing, analysis and dissertation writing.

5.9.1.2 Students enrolled in Ordinary diploma programme shall write project paper at the end of second year whereas students undertaking certificate programmes shall write special paper at the end of second semester.

5.9.1.3 Each student shall be required to produce a comprehensive paper on an aspect of respective programme of study identified at the end of first semester. The paper should have pages between sixty (60) and eighty (80) for Postgraduate Diploma; forty (40) to sixty (60) for Bachelor Degrees, and fifteen (15) to thirty (30) for Certificate and Diploma excluding appendices and spacing should be 1.5 typed on A4 size paper, 12 font size and Times New Roman Font Type. The report will carry 80% for Postgraduate Diploma and Bachelor Degree and 45% for Ordinary diploma and Certificate.

5.9.1.4 Each student will be assigned a supervisor to assist him/her in his/her Research Project/Project Paper/Special Paper. No student shall be allowed to change a supervisor without consent of the secretary of the research committee of the respective Department.

5.9.1.5 A candidate who dares to change supervisor without the consent of the secretary of the research committee in the respective department shall be deemed to have failed and will be discontinued from studies.

5.9.1.6 For students of Master Degree programmes:

5.9.1.6.1 Field research will be done in the second year of the study. The field research will consist of 24 weeks and will carry 60 credits.

5.9.1.6.2 A student will decide in consultation with the research supervisors about the topic of his/her research. Preferably, the topic should originate from student's own research interests but in keeping with the Institute of Rural Development Planning priority research themes.

5.9.1.6.3 The students will be required to prepare, present, and defend their research proposals.

5.9.1.6.4 The research proposals shall be approved by Postgraduate Studies Committee before the students are allowed to proceed for data collection.

5.9.1.6.5 The normal duration for data collection and writing of dissertation is six months. However, under special circumstances, a student can apply for extension to the Postgraduate Studies Committee.

5.9.1.6.6 The maximum period for extension shall not exceed six months. In addition, students will be required to pay TZS. 30,000 as extension charges per month. It should be noted that the extension fee may change from time to time.

5.9.1.6.7 Unless applications for extension have been made and approved by Postgraduate Studies Committee, failure of the student to complete the Masters programme within the specified period shall lead to his/her discontinuation from the study.

5.9.2 Dissertation Defence and Presentation

5.9.2.1 Master Degree Programmes

- (i) Two months before submitting a dissertation, a candidate has to give a notice of intention to submit the dissertation for examination by filling an intention to submit.
- (ii) When the supervisor is satisfied with the structure and standard of the work, permission will be given for the dissertation to be prepared as a manuscript, copied and soft bound for submission.
- (iii) Every dissertation submitted for examinations must comply with the format and guideline developed by IRDP.

- (iv) Every dissertation submitted shall be examined by at least two examiners; one of the examiners must be external to the Institute and other one must be the supervisor(s) of the candidate or a competent academic member of IRDP
- (v) The examiners shall be required to submit their reports about the dissertation within a maximum period of one month from the date of receipt. If the reports are not received within two months new examiners shall be appointed.
- (vi) Each examiner shall be required to summarize his report about the dissertation with definite recommendation or one of the following actions: -
 - a) The degree be awarded to the candidate unconditionally.
 - b) The degree be awarded subject to typographical correction/minor revisions
 - c) The degree not be awarded but the candidate be allowed to revise and resubmit his/her dissertation for re-examination after one or more of the following: -
 - (1) Additional Data Collection
 - (2) Additional analysis
 - (3) Additional Literature Review
 - (4) Rewriting
 - (5) Other reasons as may be determined by the examiners.
 - d) The dissertation is rejected outright.
- (vii) Final submission of dissertation will be done after defences and when the student has properly incorporated comments made during the defence and from the examiners
- (viii) A dissertation recommended for re-writing must be re-submitted within 6 months.
- (ix) Where the examiners are not in agreement in the overall recommendations, the Postgraduate Studies Committee shall examine the case and recommend one of the following actions:
 - a) The recommendation of the External Examiner (s) be adopted.
 - b) An additional independent examiner be appointed
 - c) The relevant department be requested to establish a panel from amongst the experts available to examine the candidate orally
- (x) Submission of the corrected dissertation shall be within three months after approval of results by Postgraduate Studies Committee
- (xi) Failure of the candidate to re-submit a corrected dissertation within three months since the date the candidate received the letter instructing him/her to incorporate corrections shall lead to discontinuation from studies.
- (xii) Candidates are free to appeal to APC against any decision regarding the award of Master degree made by the Institute Examiners Board.
- (xiii) The final decision on the award of Master Degree shall be made by APC after receiving recommendations from Postgraduate Studies Committee

5.9.3 Postgraduate Diploma Programmes

- (a) Each Postgraduate student shall be required to defend his/her dissertation before the selected juries, which will include internal and external examiners
- (b) No postgraduate student shall be allowed to appear for his/her dissertation defence until the examiner certify that the work is worth defending

- (c) A candidate who shall not appear in defence session with a compelling reason shall be required to present/defend his/her work when the juries sit in the next academic year
- (d) A candidate who absconds from defending his/her work shall be discontinued
- (e) The defence shall carry 20% of the total marks whereby a candidate should score at least 50% of the total defence marks
- (f) Unsatisfactory defence of dissertation for the second attempt shall render a candidate liable for discontinuation from studies subject to approval by the APC

5.9.4 Bachelor Degree Programmes

Each Bachelor Degree student shall be required to present his/her dissertation /research work to the selected juries before submission

No Bachelor Degree student shall be allowed to appear for his/her dissertation/research work presentation until examiner certify that the work is worth presenting

A candidate who shall not appear in presentation session with compelling reasons shall be required to present/defend his/her work when the juries sit in the next academic year

A candidate who absconds from defending his/her work shall be discontinued

The presentation for Bachelor Degree students shall carry 20% of the total marks whereby a candidate should score at least 40% of the total defence marks.

Unsatisfactory second presentation of the dissertation shall render a candidate liable for discontinuation from studies subject to approval by the APC

5.9.5 Copy Write Ownership

Dissertation/Research Project/Project Paper/Special Paper for each programme should be student's own original work; copying from other people's work without acknowledging shall be considered a case of plagiarism.

5.9.5.1 Plagiarism

Where there is evidence of plagiarism the provisions of regulation 15.4 above shall apply.

5.9.5.2 Highest Grade to Be Awarded

The highest grade to be awarded to a candidate who repeated the whole research process shall be "C" (i.e. 50%) (i.e. 50% for PGDs, ODDPs and BTCRP and 40% for BDs). However, for Master Degree shall be B (i.e. 50%).

5.9.5.3 A Candidate Who Fails in Dissertation/Research Project

A candidate who fails in Dissertation/Research Project/Project Paper/Special Paper for each programme (not by plagiarism) shall be allowed to supplement. Supplementary may be re-writing the whole research paper or part of it as may be decided by the Institutes Board of Examiners.

5.9.5.4 The Maximum Pass Mark for Supplementary

The maximum pass mark for supplementary shall be C (i.e., 50% for PGDs, NTA level 4 to 6), 40% for NTA level 7 to 8 and B i.e., 50% for NTA level 9).

5.9.5.5 Candidate with Less Than C Grade

With exception of Master degree students; if one of the examiners awards the candidate less than C, an independent reviewer shall remark and his/her mark will be considered as final result.

5.9.5.6 Similarities of Marks

In case both examiners give marks that fall within grade C and above with the variation of 20 marks and above, the marks for the external examiners shall prevail.

5.9.5.7 Supplementary of Research Project/Project Paper/Special Paper

The period allocated for supplementary of Research Project/Project Paper/Special Paper for each programme shall not exceed two months. This “period” is hereby called “supplementary extension”. A candidate who fails to meet the deadline for submission of his/her dissertation shall have to graduate in the next academic year.

5.9.5.8 Permission for Extension of Studies

For Postgraduate diploma and Bachelor degree candidates who find it difficult to meet the deadline for research project submission shall be allowed to ask for an extension. This kind of extension is hereby called “voluntary extension”. The time allowed for voluntary extension shall not exceed two months. The procedures for voluntary extension shall be as follows:

- a) A candidate shall fill in an extension request form one week before the submission deadline
- b) The extension request form shall be accompanied with a fee of 30,000/= per month which may be reviewed from time to time
- c) A candidate shall be required to fill in a form to express his/her intention to submit his/her dissertation one week before the elapse of the extension period. There shall be no more extension (whether voluntary or supplementary) after the candidate has been allowed an extension of two months’ period. A candidate who fails to submit his/her dissertation within the voluntary or supplementary extension period shall be required to graduate the next academic year

5.10 SPECIFIC RULES OF ASSESSMENT

5.10.1 Specific Rules of Assessment

5.10.1.1 Postgraduate Diploma Courses

In accordance with the examination regulations of the Institute, Postgraduate students shall be assessed in the following: -

Seminar contributions; writing of essays; class tests; end of semester examination; studio work; and research Project.

(a) Seminar Contributions

Each student shall be expected to present to the class at least one but not more than 4 seminar topics per subjects in a semester. To obtain the desired level of material and analytical input, topics will be assigned to students at least one week before the respective seminar session. The contribution, presented verbally to the course

participants, should take 20 to 30 minutes and should be handed over to the respective Lecturer in written form consisting of 10 to 15 double spaced typed pages. The assessment shall include an evaluation of:

Clarity and ability to expression,

The content of the paper and systematization in presentation.

Essays:

In addition to the seminar contributions, each student will be required to produce one essay per semester for each subject taught, which should consist of about 20 pages (excluding bibliography and table of contents). For each subject, Lecturer will prepare 2 essay topics related to his/her subject and the student will be given at least four (4) weeks to prepare the respective essays during the respective semester.

Class tests (Mid test):

In every subject taught during academic year, there shall be two class tests per module/subject in each semester. Timing of class tests will be two hours

End of semester examination:

At the end of each semester, student has to answer a specified number of questions for different modules taught in the respective semester.

Studio work:

Each student shall be required to undertake a studio work each semester. The studio work is designed to impart skills on the practical process of planning which is about linking knowledge to action or theory to practice at the end of which each student will prepare and present a plan document related to the planning skills covered.

5.12 AWARDS

The Institute Examiners Board, after being satisfied that a candidate has attained the standard required under relevant regulations for the award of a Basic Technician certificate, Technician certificate, Ordinary diploma, Bachelor degree, Postgraduate Diploma or Master Degree programme shall recommend to the APC that such a Basic Technician certificate, Technician certificate, Ordinary diploma,

Bachelor degree, Postgraduate Diploma or Master Degree programme be conferred upon such a successful candidate.

5.12.1 ISSUANCE OF CERTIFICATE AND TRANSCRIPTS

5.12.1.1 Awards of certificates

The Institute's Governing Council shall issue certificates for Basic Technician certificate, Technician certificate, Ordinary diploma, Bachelor degree, Postgraduate Diploma or Master Degree programme or other award to such candidates as shall be declared to have satisfied the Board of Examiners and subject to approval by the APC and shall have been recommended to the Governing Council for the conferment, a grant of such Basic Technician certificate, Technician certificate, Ordinary diploma, Bachelor degree, Postgraduate Diploma or Master Degree programme or other award.

5.12.1.2 Application for transcript(s)

Any finalist Student with a desire of obtaining a transcript(s) shall submit an application for the transcript(s). A clearance form and two electronic passport size photographs and payment of TZS 10,000/= shall be required for preparation of the transcript. For continuing students, TZS 5,000/= shall be required for preparation of statement of results. This amount may be reviewed from time to time.

5.12.2 Loss of Academic Certificate

The Institute may issue another copy in case of loss, or total or partial destruction of the original certificate or academic transcript on conditions that:

5.12.3 The applicant produces a sworn affidavit

The certificate so issued shall be marked "COPY", across it;

The replacement certificate shall not be issued until 6 months after reporting the loss to the Institute;

The applicant must produce evidence that the loss had been adequately publicly announced, including a written report from the Police;

A fee of TZS. **50,000/=** shall be charged, for the copy of the certificate issued.

6.0 COURSE STRUCTURE FOR LONG TERM PROGRAMMES

6.1 Basic Technician Certificate in Rural Development Planning (BTCRP)

The course is intended mainly for in-service and pre-service officers in Government Departments, Parastatals, Private and Non-Governmental Organizations concerned with Development Planning and Management. Its duration is one year, divided into two semesters. The details for running the programme are as indicated in the Table below

Operationalization System for BTCRP programme

Semester 1		
Intake	No. of Weeks	Remarks
BTCRP	17 Weeks	BTCRP students will attend normal classes for 15 weeks. After the end of the first semester examinations, BTCRP students go for field attachment in places of their choice for 16 weeks under supervision of academic staff from the Institute.
Semester 2		
BTCRP	17 Weeks	After the end of the field attachment, BTCRP students will resume classes for 17 weeks. They will continue with normal class session and writing Special Papers based on data collected during the respective field attachment under the supervision of lecturers.

6.1.1 Field work

In order for the BTCRP students acquire required knowledge and skills; there will be the 10 days field practical with the aim of:

Imparting knowledge and skills on the application of participatory tools / techniques
Prepare a village participatory development plan.

7.0 SHORT COURSE PROGRAMMES FOR 2023/2024

Being aware of the importance for the skills and knowledge upgrading to match changing and emerging needs, the Institute is continuously in contact with the labour market in developing post experience short term training programmes for a diverse range of organizations, public and private. The Institute therefore runs a range of top-quality short courses on various aspects of development planning and management. These courses are aimed at bridging the knowledge gap between different practitioners of development. The Institute has well trained staff in experiential training, utilizing modern adult learning techniques. While some of the training programmes are generic, addressing wider management issues, the Institute also designs tailor made programmes addressing specific needs of each organization.

To ensure that the training programmes bring about the intended impact, the Institute conducts post course evaluations and where desired, follow-ups are made to the organizations to assess the impact of the training. The Institute has the capacity to conduct residential courses at the Institute's campus and in other appropriate training centres.

Short courses offered include:

Participatory Project Planning, Monitoring and Impact Assessment
Participatory Natural Resources Planning and Management
Conducting Official Meetings and Minutes Writing Skills
Management of Development Projects at Grassroots Level
Resource Mobilization and Fundraising
Advocacy, Lobbying and Fundraising Skills
Group Dynamics and Community Mobilization for Development Initiatives
Integration of Results Based Management into Development Programmes
The Role of Senior Managers in Managing Community Projects
The Role of Senior Managers in Controlling Fraud in Projects
Projects Cycle Management for Community Based Projects

Every academic year short courses are published in separate brochures covering different areas and their costs. Furthermore, the Institute is one of the Institutions which were pre-qualified by the Government as anchor Institutions for capacity building under the Urban Development and Environmental Management (UDEM) framework as well as for capacity building of Local Government Authorities under the Capacity Building Grant of the Local Government Capital Development Grant (LGCDG) System. Under Capacity Building Grant, the Institute is Pre-qualified to provide short term training on the following modules:

Leadership and Management in Local Government Authorities
Monitoring and Evaluation of Projects
Data collection, Management and Record Keeping
LGA Development Planning and Strategic Planning
Project Preparation, Investment Appraisal, EIA and Safeguard Policies

Budgeting and Budget Management in LGA

8.0 RESEARCH AND ENGAGEMENT IN PUBLIC SERVICES

In line with its mission, IRDP occupies a central place in the national research effort of the country. The Institute prioritizes research on development planning and management, development finance and investment planning, natural resources, population issues, community development, rural development, and the environment. To facilitate this, the Institute has undertaken some capacity initiatives to generate researchers who can do foundation and significant research. In addition to training its staff to the doctoral level, the Institute is collaborating with national and international research institutions to conduct research that is useful to the nation and alongside various global agendas. Thus, IRDP envisions being a centre of excellence for research, leading to sustainable development and livelihood improvement.

The current research issues and themes, as highlighted in the research and publication policy, include:

- (i) Livelihood improvement and development
- (ii) Development Planning and Management
- (iii) Agriculture, Food Security and Nutrition
- (iv) Environment, Climate, and Energy
- (v) Population and Development
- (vi) Economic and Investment Planning
- (vii) Development Finances
- (viii) Cross-cutting Issues

On engagement in public services, the combined mix of disciplines of the Institute provides a substantial body of expertise in several key areas where there is a demand for advisory work. IRDP staff has broad operational and advisory experience and is in the position to provide sound advice to clients whenever needed. The Institute has developed the capacity to respond positively to such invitations for advisory services from International Organizations, Government sectors (Ministries and Agencies), Local Government Authorities, Community-Based Organizations, Non-Governmental Organizations, and Private Sectors in formulating and implementing their development agenda.

IRDP is competent in the following fields:

- (i) Rural and Urban Development Planning
- (ii) Environmental Planning and Management
- (iii) Environmental and Social Impact Assessment
- (iv) Participatory Project Planning (using various approaches including PRA, O&OD, SWOT, LFA, and OOIP/OOPP)
- (v) Population Studies and Development Planning, Entrepreneurship and Business Management
- (vi) Project Identification Studies
- (vii) Planning and Management of Natural Resources
- (viii) Preparation of Strategic Plan
- (ix) Planning, Monitoring, and Evaluation
- (x) Results Based Management

9.1 Mipango Entrepreneurship and Innovation (MEI) Centre

IRDP established the MEI Centre to facilitate the establishment and strengthen the practical training to instill the spirit and culture of innovation and entrepreneurship and the urge to create self-employment among IRDP students. Furthermore, the MEI Centre was established to help entrepreneurs and citizens in rural and urban areas by building their capacity to enable them to add value to their crops and other products. This, in turn, will

strengthen their economy, increase the pace of industrialization, and reduce poverty.

Functions of this unit include;

- i. Provide ICT support services to local and rural entrepreneurs/innovators to increase their accessibility and improvement of their products;
- ii. Foster the exchange of ideas among entrepreneurs in business communities;
- iii. Strengthen the relationship between the IRDP institute, the labor market, and the various national and international institutions;
- iv. Attract investors in innovation ideas and commercialization of research results; and
- v. Establish and run innovations and incubation programs in liaison with other partners

The eligibility for the MEI Centre is open to any person or student of the Institute of Rural Development Planning with an innovative business idea or business activity is eligible to join the Mipango Entrepreneurship and Innovation (MEI) Centre.

10.4 Students' Residence

10.4.1 Introduction

Given its core task of ensuring quality education, and given the challenges presented to the Institute by the rapid expansion of student enrolment, the Institute has found it necessary to establish an instrument that will shoulder some of its subsidiary responsibilities including facilitating provision of accommodation to students, and hence the establishment of Mipango Students Accommodation Bureau (MISAB) which is a Semi – autonomous body within the Institute's administrative structure. The main task of the bureau is to source and secure from Landlords, accommodation premises to be used as student hostels whose rooms are then sublet to needy students.

10.4.2 Role of MISAB

The Institute of Rural Development Planning does not have a mandated responsibility of providing accommodation for its students. However, in view of the problem of securing convenient student accommodation within Dodoma Municipality at reasonable student rates, the Institute has established a semi – autonomous Bureau for the purpose of assisting students to secure such accommodation.

Prospective IRDP students (tenants) are therefore urged to try to secure accommodation privately before their arrival at Dodoma in the first place, but those who find it difficult to secure accommodation privately should indicate clearly in their application to join the Institute that they would need to be considered by the accommodation bureau for allocation in the limited vacancies in MISAB hostels.

MISAB will take liberty of contracting people who own hostels and negotiate rental charges.

10.4.3 Types of Hostel Accommodation Available to Students

There are three types of accommodation available through MISAB:

Hostels owned by IRDP

Hostels rented by MISAB

Hostels under private landlords who are willing to let IRDP students but whose renting agreements are made between the landlords and individual students. MISAB in this case acts as a clearing house between the contracting parties.

Criteria used in allocating accommodation available to MISAB:

Foreign students.

Students with physical disabilities.

First year students who are currently residing away from Dodoma municipality.

Continuing female students, currently residing away from Dodoma municipality.

Continuing male students residing away from Dodoma municipality.

Any other students.

Given the order of priority above, MISAB sorts the names of students according to these categories and proceeds with the allocation process. It should be noted that information on application requests for accommodation should be received well before students arrive at the Institute.

10.4.4 Catering Services

Catering services are available. The Institute has several cafeterias offering variety of catering services.

10.4.5 Health Services

The Institute provides health services through its dispensary located at the main campus Mbwanga area. Students can acquire medical services by paying medical expenses or using health insurance services (NHIF cards). The IRDP management advise students to join the national health insurance fund (NHIF) to facilitate access to medical services. Services are available six days a week from Monday to Friday from 7.00am to 6.00pm, on Saturday the service are available from 7.00am to 1.00pm. The services provided are; Outpatient services (OPD), laboratory services and available tests include (malaria testing, urine analysis, blood count (HB), blood glucose testing, stool analysis, HIV Test, Infection in the Blood (Full Blood Picture), Stomach Fever (H. Pylori and Typhoid), Blood Groups, Sexually Transmitted Disease and Hepatitis B), Vaccination Services for Children and Covid 19 Vaccination, Rest Service and Temporary Care, Youth Friendly Service, Family plan (Father, Mother and Child Care. e.g Contraception), HIV Testing and Counseling Service and the Use of Anti-Viral Drugs. Referral medical services can be obtained from St. Gemma Hospital and Dodoma Regional Hospital.

10.4.6 Library Services

The IRDP library supports the institutional goals by providing access to information resources. The IRDP libraries encompasses four centre libraries in which three are in Dodoma Municipal located at Miyuji, Furaha and Miyuji North, while one library is located at Lake Zone Centre in Mwanza. Currently, all libraries comprise more than 20,000 volumes of books, research papers, miscellaneous reports, periodicals and other print materials.

Libraries also maintain and provide access to online electronic resources in various subjects through subscribed and unsubscribed online databases such as Research4Life, EBSCOhost, Emerald, Electronic Information for Libraries (EIFL) and Institutional Repository (IR).

The library operates for seven days a week from Monday to Sunday as indicated below:

The Library Opening and Closing Hours

Days	Opening Hour	Closing Hour
Monday – Friday	8.30 am	10.00 pm
Saturdays	8.30 am	10.00 pm

Appendix 2: DRESSING CODE

IRDP dressing code is based on the Governments dressing code No. 3 of 2007 and Students' Regulations Part VIII section 12, which illustrate on the appropriate dressing code to be observed by both students and staff when at the Institute premises or when attending any official functions organized by IRDP or any other function in which the Institute is involved. It should be noted that the aim of imposing the dressing code guidelines to students is to groom our students to become responsible citizens and potential leaders who will be respected by the society.

Students shall at all times be expected to wear clothes decently. It is usually perceived that the type of clothing someone puts on describes him/her to be of a certain character. In some cases, some kinds of clothes are likely to provoke the feelings of some people, cause dismay or revulsion in others who happen to be looking at the wearer.

Therefore, appropriate dressing will include:

- (i) Neat and well covered formals and semi-formals
- (ii) Jeans without holes or decorations
- (iii) T-shirts or shirts with full or half sleeves
- (iv) Skirts which flow well below the knees
- (v) Suits for both men and women

Dresses NOT acceptable to female students:

- (a) Tightly fitting clothes and skin tights
- (b) All dresses which expose stomach, breasts, waist, thighs and other clothes as tops, low cuts, and pants of all kinds.
- (c) All types of clothes which have immoral pictures or words which may tarnish the Institutes reputation
- (d) All types of shorts
- (e) All trousers
- (f) All dresses which have political words of any part or religion which can influence anything harmful
- (g) Any type of wrap-ons
- (h) Transparent dresses of any kind not supported by reasonably heavy underskirt
- (i) Sleeveless blouses, backless blouses or dresses
- (j) Coloured hair (goldish, whitely, yellowish, greenish, etc)
- (k) Gowns and skirts hanging above the knees and thus do not cover the knees when seated
- (l) Any type of dress that covers the entire face (*nikabs*), when in the class, library, and examination rooms, computer labs or other places where the identity of the student is required.
- (m) Clothes with inappropriate or unsuitable graphics/slogans or obscene/abusive language
- (n) Pajamas, flip flops or slippers in classes, library and offices
- (o) Hats or caps worn backwards
- (p) Over-adornment with neck-laces, bangles, earrings or other jewellery and make-ups which make someone look showily

Dresses NOT acceptable to male students

- (1) All types of clothes which have immoral pictures or words which may tarnish the Institute's reputation
- (2) All types of shorts or cut-offs
- (3) All types of *misuli*, warp-ons and track suits
- (4) All dresses which have political words of any part or religion which can influence anything harmful
- (5) Slovenly looking clothes such as *mlegezo* trousers and shorts which also show the underwear
- (6) Head stockings, caps (other than religious head wear like Muslim caps), hoods and bandannas worn around the head
- (7) *Kandambili* and open shoes
- (8) Earrings
- (9) Pleated hair, dread-locks and ornamental beads
- (10) Jeans with holes, three fourth trousers, half trousers, truck suits
- (11) Turbans worn alone or over caps
- (12) Clothes that reveal the torso
- (13) Un-buttoned shirts and sleeveless shirts

Prohibited clothes for both Male and Female

- (i) Mini-skirt skirts, sleeveless blouses/shirts/tops
- (ii) Unwanted or provocative or obscene or inciting political, religious or obscure, captions and photos or designs on the dress are not allowed
- (iii) Clothes with frayed hems and the beach comber type of clothes are also prohibited
- (iv) Shorts or half trousers of any form are prohibited
- (v) Any kind of tattoo on the body or limbs should not be disclosed
- (vi) Leggings, stretch pants, spandex and the like also are prohibited
- (vii) Any other kind of dress or clothing which the Institute will in the course of time find to be inappropriate or indecent, an official statement will be made concerning such dress or clothing.

SOME OF THE CLOTHES FOR MEN NOT ALLOWED AT THE INSTITUTE PREMISES

**SOME OF THE COLOTHES FOR WOMEN NOT LLOWED AT THE
INSTITUTE PREMISES**

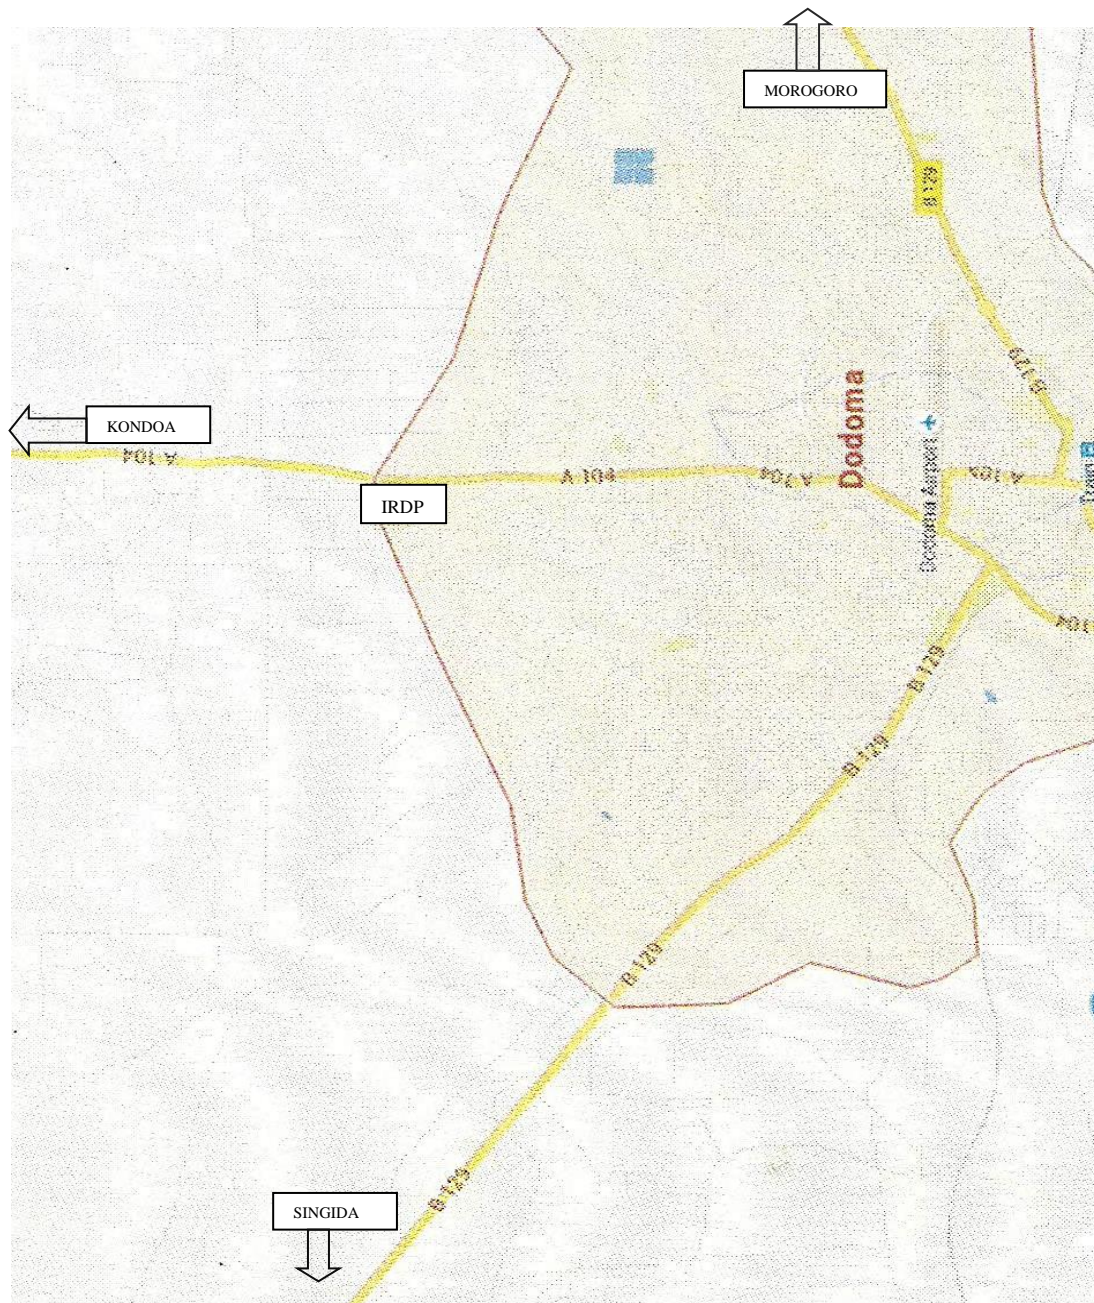

ENFORCEMENT

All officers of the Institute including administrative and academic staff are empowered to issue warnings and bar any student who does not follow the rules from attending any official Institute function and to report any violation of this code to the dean of students. The dean of students will take action as provided for by the IRDP student regulations and if found guilty, a student may be issued any one or a combination of two or more penalties as provided in IRDP Students Regulations

8.0 MIPANGO ENTREPRENEURSHIP AND INNOVATION (MEI) CENTRE

IRDP has established Mipango Entrepreneurship and Innovation (MEI) Centre to facilitate and strengthen practical training as well as to instill the spirit and culture of innovation and entrepreneurship for self-employment among IRDP students and graduates. Furthermore, the MEI Centre aims at helping entrepreneurs and communities in rural and urban areas by building their capacity to enable them to add value to their crops and other products. This, in turn, will strengthen their economy, increase the pace of industrialization, and reduce poverty.

Functions of MEI includes;

- Provide ICT support services to students, local and rural entrepreneurs/innovators to increase their accessibility and

- improvement of their products;
- Foster the exchange of ideas among entrepreneurs in business communities;
- Strengthen the relationship between the IRDP, the labour market, and the various national and international institutions;
- Attract investors in innovation ideas and commercialization of research results; and
- Establish and run innovations and incubation programs in liaison with other partners

The eligibility for the MEI Centre is open for recruitment to any person or student of the Institute of Rural Development Planning with an innovative business idea or business activity.
